MADE IN USA

ASSEMBLY INSTRUCTIONS

2 - 3 Door Side Panels and 1 Footboard

16
Wood
Screws

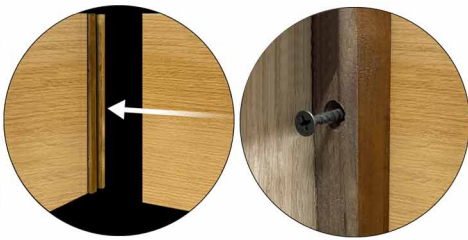

1 Head Panel Board & 2 Center Support Boards

STEP 1

Take 1 side panel and stand it up. (as pictured).

Next, slide footboard between the 2 blocks on the end of the side panel. Then add a screw in the pre-drilled holes. Repeat process on the opposite side.

STEP 2

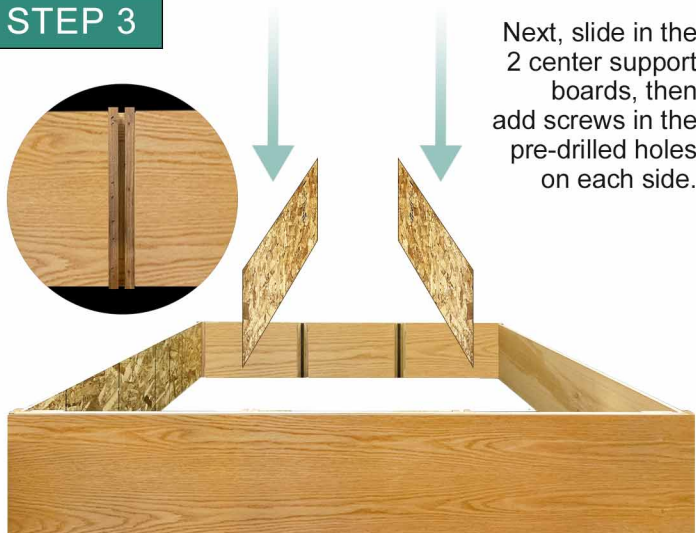

Now that you have the 2 side panels & the footboard attached, you will next slide in the head panel board.

Then add screws in the pre-drilled holes.

STEP 3

Next, slide in the 2 center support boards, then add screws in the pre-drilled holes on each side.

ENJOY!

Set up in minutes - It's quick & easy!

Still having trouble with assembly?

No problem, scan the code on the right for our assembly video

(Product in video has doors, but it is the same assembly.)
